A. PERSONAL

Name : Uğur KURAN
Date of Birth : July, 13, 1940
Citizenship : Turkish
Languages : Turkish, English
Marital Status : Married
Present Affiliation : Geophysicist
Ministry of Public Works and Settlement
Earthquake Research Department
General Directorate of Disaster Affairs
Ankara, Turkey.

B. DEGREES

Degree	Major	Date	Institute
BS	Department of Geophysics	June, 1963	Univ. of Istanbul Institute of Geophysics
Engineering	Geophysics Engineering	June, 1978	Univ. of Istanbul Institute of Geophysics
Ph. D. (Continued)	Department of Geophysics	June, 1975	Imperial College Univ. of London

C. EMPLOYMENT RECORD

From - To	Position	Institute	Major Responsibilities
1963 - 1968	Geophysicist	EIE	Research on Geophysics
1969 - 1973	Research Associate	Earthquake Research Inst.	Post Graduate Student Imperial College London
1973 - 1980	Geophysicist in Materials Res. Dept.	General Directorate of Turkish Highways	Research on Geophysics
1980 - 2001	Chief Engineer	Earthquake Research Dept..	Chief of Microzonation Division

D. PROFESSIONAL ACTIVITIES

D1. Research Experience and Teaching

... Have carried responsibilities in several researches on earthquake engineering, microzonation, highway engineering, soil stability and dams since 1963.

... Have given lectures on applied geophysics at Geological Engineering Department of Middle East Technical University (Ankara) since 1975 as part time instructor.

... Have had 27 years of experience in field measurements including slope stability, earthquake engineering, microzonation, P-S wave detection techniques in the field.

... Have had 27 years of experience in laboratory experimental work on acoustic emission, nondestructive testing on rock specimen, continuous strain, temperature and acoustic emission recordings in Turkey and England.

E. PUBLICATIONS

The publications related to the proposed project are listed separately. Journal and Conference papers are 22, and Technical reports are 40.
